Adrian College

Fall 2024

New Assistant Director in the Institute for Career Planning

The Institute for Career Planning welcomes Emily West, the new Assistant Director. Before working at AC, Emily was a School Social Worker, working with special education students. In her new role as the Assistant Director, Emily will assist with all facets of the office. While attending Alma College, where she earned her Bachelor of Arts in Psychology, Emily was actively involved with the career center, which inspired her pursuit of a career in higher education. Emily has a Master's in Social Work from the University of Michigan. The experiences she has gained as a student and young professional have created her passion for helping students. She is very excited to be a part of the Bulldog Family and assist students and alumni in finding a career they are passionate about!
