Institute for Education

Adrian College Teacher Education

Pinning Ceremony
March 15th, 2023

We officially welcomed new Teacher Education candidates into our program with our first "TED Pinning" ceremony.

Candidates affirmed their commitment to the profession and were welcomed by TED faculty after receiving their pin. Family and friends of the candidates joined in to show their support! Congratulations to all of our new Teacher Education candidates! We are so proud of you!

Bell Ringing Ceremony

Students who recently took and passed the MTTC got the chance to ring the bell signifying their hard work and dedication. Once they finish their professional semester, they will be certified teachers!

College to Classroom

March 10th, 2023

Each semester we hold our "College to Classroom" event for our Associate Teachers. This event, in partnership with Career Planning, gives candidates a chance to hear about financial planning, insurance, unions, networking, and becoming an alumni. Working on the skills necessary to get that first teaching job begins with the interview and we are thankful to local administrators who helped with mock interviews! Special thanks to MESSA for providing breakfast!

Education in Finland & Sweden

In May 2023, we have a group of 18 traveling to Finland and Sweden to learn more about the education systems there.

Outstanding Associate Teachers

Congratulations to Grace Vankirk (Elementary) Kayley Craig (Secondary), and Katie Hamann (K-12) who were chosen by TED faculty because of their outstanding work during their professional internship.
